

Join us for the 33rd Annual Chest Disease Conference!

January 20-22, 2023

Leavenworth, WA or virtual

The Annual Chest Disease Conference is a continuing medical education conference provided by the Washington Thoracic Society and American Lung Association in Washington. The program is designed to cover a broad spectrum of clinical pulmonary and critical care topics. Participants learn about the principles of diagnosis and treatment of common and unusual conditions for which recent new management strategies are available.

Who Should Attend

This annual conference is geared towards physicians and allied health professionals in pulmonary, critical care, and sleep medicine, thoracic surgery, allergy, infectious disease, family practice and internal medicine.

Accreditation

The American Thoracic Society designates this **live activity** for a maximum of **11.5 AMA PRA Category 1 Credits™**. Application for Continuing Respiratory Care Education credit has been submitted to the American Association for Respiratory Care.

Conference Format

The conference will be offered in a hybrid format, combining in-person conference experience with a virtual component. The live event will be held in Leavenworth, WA.

Educational Sessions

Featured Sessions and Speakers:

- *Post-ICU Survivorship*
- *Innovations in ICU Care – First do no Harm*

C. Terri Hough, MD, MSc
(OHSU)
